

Lesson highlights, achievements and key points
You really found the character of Minuet in F.
Think light!

Lesson date
12/2

Character

Main focus for practice

Think: key – rhythms – lifting notes – building phrases

Improvising

Find a Minuet online (preferably danced in period costume!)

Play and imagine!

Think about the structure of the Minuet and begin to make up Minuet-like improvisations.

Keys/Scales

Reflections on my practice

What went well?

Thinking in the key. Really got it!
Enjoyed exploring the Minuet structure.

Any problems?

Still need more help on those lifted notes.

General updates, activities and things to mention in the next lesson

Found a great site that has explanations of dances (with dancing).

Played duets with friend all Sunday afternoon!

In this space, use your imagination to reflect on one of your pieces:
write a poem, draw a picture, create a colour scape – whatever you want!

This jolly dance
Goes one, two and three.
It's in the key of F;
Will you step in time with me?

1 2 3 1 2 3 1 2 3
