

A SUPERHERO SCALE

You've learnt how to put your thumb under so now you're ready to play a whole scale.

Track
2

C MAJOR SCALE WARM-UP

TIP

Learn the right hand by itself first.

Track
3

ON A SWING

or = A tie joins notes of the same pitch together.

New note G#

Track 14

A HARMONIC MINOR WARM-UPS

Here is your first harmonic minor scale. It has an exotic sound!

Track 15

SNAKE CHARMER

Can you spot the ties and one position change in the left hand?

With mystery

You will need to extend your hand to play the larger intervals.

Chords are also made up of intervals. Can you work out the interval of each chord?

The distance between two notes is called the **interval**. You can work out an interval by counting up (or down) all the notes.

Track 20 **INTERVAL WARM-UP**

You will have to extend your hand to play this.

Track 21 **INTERVAL WARM-DOWN**

Can you work out these intervals yourself?

Track 22 **CHORDS ON PARADE**
